

Getting started with kanopy

*Kanopy offers thousands of movies & TV shows at your fingertips!
All you need to watch is your library card number and pin.*

1.

Visit the Kanopy website at cdpl.kanopy.com or download the free Kanopy app from your app store.

2.

Kanopy will walk you through finding your library and adding your library card and pin number. If you don't know your pin number, this can be reset at our Circulation desk.

3.

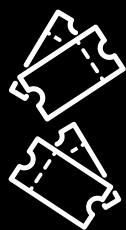

Create your Kanopy account by entering your name, email, and creating a Kanopy password, then select **Sign Up**.

4.

Kanopy will send you a confirmation. Open your email. Select the message from Kanopy and click **Verify Email**.
Once your email is confirmed, click **Start Watching Now**.

5.

You can download the free Kanopy app to your Android, Apple, or Amazon Fire device and can stream with Chromecast, Apple TV, or Roku.

Tickets are used to play videos. You get 30 tickets per month. Tickets reset the first of the month and unused tickets don't roll over.

Each title shows how many tickets it uses. Your tickets display on the top right of the screen. Happy watching!
